KATHIRESAN K

JAVA DEVELOPER

PROFILE

Passionate Java Developer with strong knowledge of Java, Data Structures & Algorithms, SQL, JDBC, OOP, Collections, Exception Handling, and MySQL. Interested in building efficient software applications and continuously improving programming and problem-solving skills.

PROJECTS

Mobile Shop Management SystemJava • MySQL
Developed a desktop application to manage mobile inventory, customer records, billing, stock management and CRUD operations with a user-friendly interface.

Library Management SystemJava • MySQL
Designed a library system with authentication, book issue/return, fine calculation, search functionality and database management.

EV Charging Station Management SystemJava
Developed a console-based Java application using file handling for user authentication, charging slot booking and charging history.

INTERNSHIPS

UI/UX Design InternStack Queue Education

- Learned fundamentals of UI/UX design
- Designed basic web and mobile user interfaces.
- Worked on wireframes and prototypes.

Siemens NX CAD InternMIT Anna University

- Completed Siemens NX CAD Essentials.
- Designed Fan Regulator mini project (3D Modelling & Drafting).

Embedded Systems InternCaliber Embedded Technologies

- Worked on Embedded Systems and designed AC-DC and DC-DC circuits.
- Conducted circuit testing and implemented voltage regulation.

CERTIFICATIONS

- NPTEL – Sensor and Actuator (Elite + Silver)
- NPTEL – Industry 4.0 and IIoT (Elite + Silver)
- Core Java Course
- Java DSA Bootcamp

ACHIEVEMENTS

- 🏆 First Prize – Master AI Competition
- 🥈 Second Prize – Project Expo 2K25 at KIOT
- 🔖 Solved **100+ Java and DSA problems** on LeetCode and coding platforms.
- 🏠 Completed Java DSA Bootcamp with hands-on problem solving.
- 💻 Built multiple Java desktop applications using Java, JDBC, and MySQL.
